Timpani

Percussion I: Marimba, Suspended Cymbal, Triangle

Percussion II: Vibraphone, Xylophone

Percussion III: Concert Bass Drum, Maracas, Glockenspiel

Percussion IV: Temple Blocks, Slapstick, Ratchet, Mark Tree, Triangle, Tam-Tam, Crash Cymbals

Performance Notes

The notated drum set part is intended to give an idea of the drum set's role throughout the piece, indicating important rhythms to highlight, and providing patterns that may be used. The part may be embellished or modified at the director's discretion. The drum set should be a prominent part of the ensemble sound but should not be "featured" e.g. at the front of the ensemble.

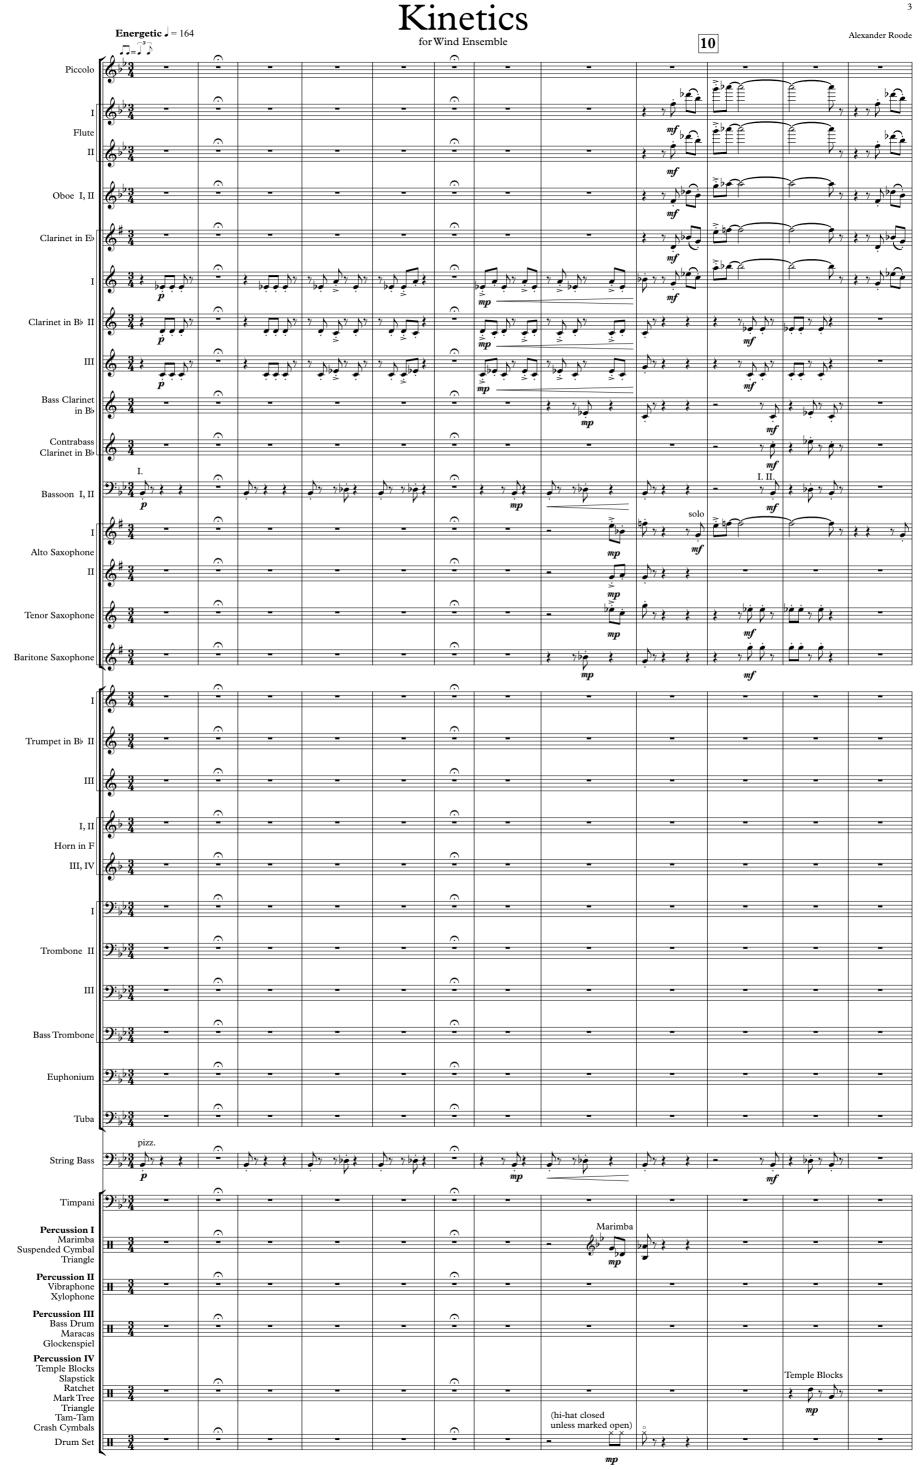

The outer sections of the piece are intended to convey ceaseless motion, so the tempo must not waver or drag. They should have a fast, jazzy feel, with swung 8ths.

In measures 143 and 295, the upper clarinets, oboes, and alto saxes are marked "bells up". The bells should rise and fall throughout these sections, following the music, until the "normal" marking (or the end of the piece).

The B section beginning in measure 172 should starkly contrast to the outer sections. The woodwind solos beginning in measure 158 should be the first to portray these qualities, as if trying to coax the rest of the ensemble into slowing down.

The staccato 8th-note motif in the B section should complement the sustained material at first, but gradually become agitated, as if trying to pull the ensemble back to the fast section, finally succeeding by measure 233.

Duration: Approximately 8 minutes.
